MONOBLOC 350 BENEFITS:

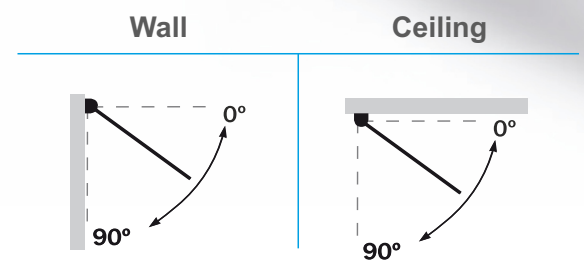

- Compact support elements improving the overall aesthetic of the awning.
- Easy application of the Monobloc system allows for simple installation of the awning mechanism on the 40×40 square bar.
- Incredible dimensions: with only one set of arms, the awning reaches a width of 6m and a projection of 3.5m. Additional arms can be added to extend the length of the awning as desired.

ART 350

Art system arms provide optimal internal transmission of tension. This is done with a flat, flexible belt which makes the awning stronger, more resistant, more durable and more aesthetically pleasing than traditional transmission systems.
